A. Imperial County Local Transportation Authority Annual Financial Report for the Fiscal Year Ended June 30, 2014

Mr. Mercado reviewed the report with the LTSC and answered all questions. The Findings and Recommendations are listed below.

Findings and Recommendations

1. The City of Calexico: Allocation of interest earned on Measure D is being held by the City.
  - a) Recommendation: It is recommended that the interest earned on Measure D funds be used only for purposes stated in the Expenditure Plan.
2. The City of Westmorland: Allocation of interest earned on LTA-Streets Fund Cash is being held by the City.
  - a) Recommendation: It is recommended that the interest earned on LTA-Streets funds be used only for purposes stated in the Expenditure Plan.

The Local Taxpayer Supervising Committee (LTSC) reviewed and forwarded this item to the LTA Board for review and approval:

1. Review and Approve the FY 2013-14 Imperial County Local Transportation Annual Financial Report.

A quorum was not present, no actions were made.

Recommendations by the LTSC included:

1. LTA Staff should present to participating bond agencies' City Councils/Board of Supervisors to inform them of project updates and timelines required for the complete expenditure of bond funds.
2. Delays in audit completion due to the lack of response to data requests from all agencies can negatively impact the LTA program. LTA Staff should develop recommendations for the LTA Board to review and approve, to encourage agencies to respond to LTA Audit team data requests in a timely manner.

**B. LTA Bond Allocation Request and Presentation**

- Ms. Williams reviewed the LTA Revenues for FY 2012-13: \$16,187,292; FY 2013-14: \$19,067,833; and FY 2014-15: estimated \$15,168,506.
- Mr. Baza reviewed the 5% Regional Highway Set-Aside. Projects that have utilized this fund are Westmorland – SR-86/South Main Street Traffic Signal and Bus Stop for a total of LTA funds of \$373,000; County – SR-86/S-22 Salton City Traffic Signal for a total of LTA funds of \$438,858; and, ICTC – SR-86/Heber Bus Stop & Pedestrian Access Improvements for a total of LTA funds of \$707,000. The current fund balance is \$4,746,853.
- Mr. Baza and Ms. Williams reviewed the 2% Regional Set-Aside. Currently those funds are being used for Dial-A-Ride operations.
- Ms. Mendoza gave an overview of the LTA Bond to include the requisition submittal process. The bond total was \$53.9M. In FY 2013-2014 \$7,395,998.24 was expended; FY 2014-2015 \$6,604,532.37 was expended; pending project submittals will be an estimated \$10M, with remaining funds being at \$29M. Remaining funds do not include accumulated interest.

**SUBJECT:** Adoption of the Imperial County Local Transportation Authority Annual Financial Audit for Fiscal Year Ended June 30, 2014

Dear Members of the Authority:

According to Section VIII of the ordinance dated July 1, 1989, the Local Transportation Authority (LTA) must conduct fiscal audits of its financial activities on an annual basis. The ordinance states: “An annual independent audit shall be conducted to assure that the revenues expended by the Authority under this section are necessary and reasonable in carrying out its responsibility under the Ordinance.”

Attached, please find the following annual financial report performed by the CPA firm, Oscar G. Armijo, CPA: *LTA Annual Financial Report, for fiscal year ended June 20, 2014*. Staff of the office of Oscar G. Armijo, CPA will be presenting the Audit and Recommendations at the May 27, 2015 Board meeting.

The LTA Local Taxpayer Supervising Committee (LTSC) met on May 12, 2015 and recommended that the Board approve the FY 2013-14 Audit with the following recommendations:

- LTA Staff should present to participating bond agencies’ City Councils/Board of Supervisors to inform them of project updates and timelines required for the complete expenditure of bond funds.
- Delays in audit completion due to the lack of response to data requests from all agencies can negatively impact the LTA program. LTA Staff should develop recommendations for the LTA Board to review and approve, to encourage agencies to respond to LTA Audit team data requests in a timely manner.

*1405 N. Imperial Ave., Suite 1, El Centro, CA 92243*  
*Phone: (760) 592-4494, Fax: (760) 592-4497*

Therefore, it is requested that the LTA review and approve the following action after receipt of public comment, if any:

1. Approve the FY 2013-14 Imperial County Local Transportation Authority Annual Financial Audit.

Sincerely,

MARK BAZA  
Executive Director

## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Imperial County Local Transportation Authority  
El Centro, California

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of the Imperial County Local Transportation Authority as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Imperial County Local Transportation Authority's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Imperial County Local Transportation Authority as of June 30, 2014 and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise Imperial County Local Transportation Authority's basic financial statements. The supplementary information presented on pages 20-21 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from the relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The five-year program of projects information on pages 22-65 have not been subject to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 9, 2015 on our consideration of Imperial County Local Transportation Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Imperial County Local Transportation Authority's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

## IMPERIAL COUNTY LOCAL TRANSPORTATION AUTHORITY

## Management's Discussion and Analysis

June 30, 2014

The following section of the annual financial report of the Imperial County Local Transportation Authority (the Authority) includes an overview and analysis of the Authority's financial position and activities for the years ended June 30, 2014 and 2013. The discussion and analysis, as well as the basic financial statements which it accompanies, is the responsibility of the management of the Authority.

### Introduction to the Basic Financial Statements

This annual report consists of a series of financial statements, prepared in accordance with generally accepted accounting principles; such report has been designed to improve the usefulness of the report to the primary users of these basic financial statements.

The Authority presents its basic financial statement using the economic resources measurement to focus and accrual basis of accounting. The Authority's basic financial statements include a Statement of Net Position and a Statement of Changes in Activities. The notes to the basic financial statements and this section support these statements. All sections must be considered together to obtain a complete understanding of the financial position and results of operations of the Authority.

**Statement of Net Position** – The Statement of Net Position include all assets and liabilities of the Authority, with the difference between the two reports as net position. Assets and liabilities are reported at their book value, on an accrual basis, as of June 30, 2014 and 2013.

**Statement of Activities** – The Statement of Activities present the revenues earned and expenses incurred by the Authority during the years ended June 30, 2014 and 2013, on accrual basis of accounting.

**Long-Term Debt** – On May 1, 2012 the Authority issued \$53,975,000 of Sales Tax Revenue Bonds which are secured by a pledge of all the Authority's sales tax revenues allocated to the County of Imperial and the Cities of Brawley, Calexico, Calipatria, and Imperial. Interest on the Series 2012 bond is payable semiannually on June 1 and December 1 beginning on December 1, 2012 with rates ranging from 3.00 to 4.00 percent per annum. The annual principal requirements are from \$1,745,000 to \$3,855,000 with a final maturity on June 1, 2032.

At the end of the fiscal year the Authority's had a total long-term debt outstanding of \$50,265,000. This amount is comprised entirely of the 2012 Series bond payable.

**NOTES TO FINANCIAL STATEMENTS**

## IMPERIAL COUNTY LOCAL TRANSPORTATION AUTHORITY

## Notes to Financial Statements

Year Ended June 30, 2014

**1. Summary of Significant Accounting Policies****Reporting Entity**

The Imperial County Local Transportation Authority (the "Authority") was created to implement the Imperial County Local Transportation Authority Retail Transactions and Use Tax Ordinance as adopted by the electorate on November 4, 2008. The tax is imposed in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division of the Revenue and Taxation Code and Division 19 of the Public Utilities Code (Code Section 180000). The primary purpose of this ordinance was to enact a one-half of one percent retail transactions and use tax for a period of forty years. The proceeds of this tax would be allocated to the County of Imperial and cities in the county for local street and road purposes. Also, a small portion of the revenues would be used for administration, transit services and possibly state highway purposes.

Funds that are generated by implementation of the Imperial County Local Transportation Authority Retail Transactions and Use Tax Ordinance are intended to supplement and not to replace existing local revenues used for transportation purposes.

The Authority consists of the following member agencies:

- 1) City of Brawley
- 2) City of Calexico
- 3) City of Calipatria
- 4) City of El Centro
- 5) City of Holtville
- 6) City of Imperial
- 7) City of Westmorland
- 8) County of Imperial

The members of the Board of the Authority consist of one member of the City Council of each incorporated city of the Imperial County and two members of the Board of Supervisors of Imperial County. The members serve staggered terms with no term over a four year period. The chairman and vice-chairman of the Board of the Authority are elected annually in June.

**Basis of Presentation**

The Authority's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and governmental fund financial statements which provide a more detailed level of financial information.

*Government-wide Statements:* The statement of net position and the statement of activities report information on all of the Authority. The effect of significant interfund activity has been removed from these statements. The Authority provides only governmental activities which are supported by sales taxes.

## Notes to Financial Statements

Year Ended June 30, 2014

**Basis of Presentation** *(Continued)*

The statement of activities demonstrates the degree to which the Authority program expenses are offset by program revenues. Program expenses include direct expenses clearly identifiable with Ordinance No. 1-2008. Interest expense related to the sales tax revenue bonds is reported as a direct expense of the program. The borrowings are considered essential to the creation or continuing existence of the program. For the year ended June 30, 2014, interest expense of \$2,001,127 was included in program costs. Taxes and interest earned are reported as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the Authority's governmental funds. The Authority considers all of its Ordinance No. 1-2008 funds as major governmental funds. They are comprised of the following:

*General fund* – This fund is the general operating fund for the authority and accounts for revenues received and expenditures made for the implementation of the Imperial County Local Transportation Authority Retail Transaction and Use Tax. Financing is provided by a one-half percent sales and use tax assessed for 40 years as adopted by the electorate on November 4, 2008. Ordinance No. 1-2008 requires the sales and use tax revenues only be expended on projects included in the ordinance.

*State highway fund* – This fund accounts for resources accumulated and payments made on state highway projects authorized by Ordinance 1-2008.

*Transit services fund* – This fund accounts for resources accumulated and payments made on transit services projects authorized by Ordinance 1-2008.

*Debt service fund* – This fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the Authority.

**Measurement Focus and Basis of Accounting**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 90 days of the end of the fiscal period. Expenditures generally are recorded when a liability is incurred; however, principal and interest expenditures on long-term debt of governmental funds are recorded only when payment is due.

**Measurement Focus and Basis of Accounting** *(Continued)*

Those revenues susceptible to accrual are sales taxes collected and held by the state at year-end on behalf of the Authority intergovernmental revenues and interest revenue. In applying the susceptible-to-accrual concept to intergovernmental revenues, there are essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Authority; therefore, revenues are recognized based upon the expenditures incurred. In the other, monies are virtually unrestricted and are usually revocable only for failure to comply with prescribed requirements. These resources are reflected as revenues at the time of receipt, or earlier if the susceptible-to-accrual criteria are met.

**Cash and Investments**

The Authority maintains cash and investments in a pool with other Imperial County Governments and invested at the state managed Local Agency Investment Fund (LAIF). Funds held by LAIF are reported at fair value. Proceeds from the sale of bonds and amounts held for the repayment of principal and interest is held by a third party fiscal agent. Funds held by the third-party fiscal agent are reported at fair value.

**Interfund Transactions**

During the course of operations, numerous transactions occur between individual funds involving goods provided or services rendered and transfers of revenues from funds authorized to receive the revenue to funds authorized to expend it. Outstanding interfund balances are reported as due to/from other funds. Any residual balances outstanding between the Ordinance 1-2008 governmental activities and other governmental funds are reported in the government-wide financial statements as due/to from other governmental funds.

**Long-Term Debt**

In the government-wide financial statements, long-term debt is reported as a liability in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, in the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Fund Balances**

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Authority is bound to honor constraints on the specific purposes for which amounts can be spent.

## IMPERIAL COUNTY LOCAL TRANSPORTATION AUTHORITY

## Notes to Financial Statements

Year Ended June 30, 2014

**Fund Balances** *(Continued)*

All fund balances used in the governmental fund financial statements are restricted as follows:

*Capital Projects*: Amount of bond proceeds which can only be used for capital projects.

*Debt Service* – Cash held by the third party fiscal agent for future payments of principal and interest.

*Repairs and maintenance* – Cash held for future road repairs and maintenance

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first and then unrestricted resources as they are needed. When using unrestricted fund balance amounts, the Authority applies the default established by GASB 54, whereby the committed amounts would be reduced first followed by the assigned amounts.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures during the reporting period. As such, actual results could differ from those estimates.

**2. Cash and Investments**

Cash and investments are comprised of the following at June 30, 2014:

Investments:	
With Imperial County Commingled Investment Pool	\$ 6,455,202
With Third Party Fiscal Agent	<u>47,034,801</u>
Total cash and investments	<u>\$ 53,490,003</u>

Total deposits and investments are reported in the financial statements as:

Cash and Investments	<u>\$ 53,490,003</u>
Total Cash and Investments	<u>\$ 53,490,003</u>

**Investments Authorized by debt Agreements**

Investments of debt proceeds held by the bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code. The table below identifies the investments types that are authorized for investments held by bond trustee.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage Portfolio</u>	<u>Maximum Investment in One Issuer</u>
Money Market Funds	N/A	100%	\$ 47,034,801

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Authority's investment policy requires that a third party bank custody department hold all securities owned by the Authority. All trades are settled on a delivery versus payment basis through the Authority's safekeeping agent. At June 30, 2014 the Authority did not have any deposits or securities exposed to custodial credit risk and there was no securities lending.

**Investment in State Investment Pool**

The Authority is a voluntary participant in LAIF which is regulated by the California Government Code. The Investment Advisory Board provides oversight for LAIF, consisting of five members as designated by statute, which includes the Treasurer of the State of California. The fair value of the Authority's investment in this pool is reported in the accompanying financial statements based upon the Authority's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. LAIF invests some of its portfolio in derivatives. Detailed information on derivative investments held by this pool not readily available.

**3. Due to Other Funds**

During the fiscal year ended June 30, 2014 there was an amount of \$1,281 to recognize amounts due to other funds that were paid in the following fiscal year.

**4. Bond Payable**

On May 1, 2012 the Authority issued \$53,975,000 of Sales Tax Revenue Bonds which are secured by a pledge of all ICLTA sales tax revenues allocated to the County of Imperial and the Cities of Brawley, Calexico, Calipatria, and Imperial. Interest on the Series 2012 Bonds is payable semiannually on June 1 and December 1 beginning on December 1, 2012 with rates ranging from 3.00 to 4.00 percent per annum. The annual principal requirements are from \$1,745,000 to \$3,855,000. The bonds mature on June 1, 2032.

**4. Bond Payable (Continued)**

During the fiscal year ended June 30, 2014 the following changes occurred in bond payable (see Schedule V).

	Balance <u>July 1, 2013</u>	<u>Additions</u>	<u>Reductions</u>	Balance <u>June 30, 2014</u>
2012 Series	<u>\$ 52,230,000</u>	<u>\$ -</u>	<u>\$ 1,965,000</u>	<u>\$ 50,265,000</u>

Annual debt service requirements on the sales tax revenue bonds as of June 30, 2014, are as follows:

Year Ending June 30	Long-term Debt
2015	\$ 2,020,000
2016	2,085,000
2017	2,160,000
2018	2,230,000
2019	2,300,000
2020 to 2024	12,770,000
2025 to 2029	15,615,000
2030 to 2032	<u>11,085,000</u>
Total	<u>\$ 50,265,000</u>

**5. Premium on Bond Payable**

On May 1, 2012 the Authority issued \$53,975,000 of Sales Tax Revenue Bonds which are secured by a pledge of all ICLTA sales tax revenues allocated to the County of Imperial and the Cities of Brawley, Calexico, Calipatria, and Imperial. These bonds were sold at a total premium of \$902,975. The premium is amortized throughout the twenty year term of the bond at a combined monthly rate of \$3,762.

During the fiscal year ended June 30, 2014 the total bond premium, net of amortization, was a combined amount \$805,153.

**Pledged Revenue**

The Authority has debt issuances outstanding that are repaid and secured by the pledging of certain revenues. For the year ended June 30, 2014, debt service payments as a percentage of the pledged gross revenue net of the local fair share program and other expenses as required by the debt agreement, are indicated in the following table:

## IMPERIAL COUNTY LOCAL TRANSPORTATION AUTHORITY

Ordinance 1-2008 Sales Tax Revenue	\$ 19,067,835	\$ 4,016,188	4.75

**6. Change in Accounting Principle**

During the fiscal year, the Authority implemented GASB 65, Items Previously Reported as Assets and Liabilities. It was determined that debt issuance costs do not meet the definition of an asset or a deferred outflow and should be recognized as an outflow of resources in the reporting period in which they are incurred. GASB statements 66, 67, 68, 69 and 70 do not apply to the Authority's financial statements.

**7. Restatement of Beginning Fund Balances-Governmental Funds**

Fund balance as of July 1, 2013 was restated as follows:

<u>Description</u>	<u>As Previously Reported June 30, 2013</u>	<u>As Restated July 1, 2013</u>	<u>Total Adjustments</u>

**8. Restatement of Beginning Net Position Governmental-Wide Financial Statements/Governmental Activities**

Net Position at July 1, 2013 was restated as follows:

Net position at July 1, 2013	\$ 7,736,938
To adjust bond issuance costs	<u>(974,229)</u>
Net position as restated at July 1, 2013	<u>\$ 6,762,709</u>

**9. Governmental-Wide Net Position Unrestricted Deficit**

This deficit is the result of reporting the debt related to the issuance of bonds as required in the government-wide financial statements without a corresponding related asset. Proceeds from the bonds are used primarily to reimburse member agencies for expenses related to the repair and maintenance of streets. These expenses incurred by the member agencies are not capitalized and recorded as an asset on the Authority's books. This deficit will decrease as the outstanding balance of the bonds is reduced through principal payments.

**REPORT TO MANAGEMENT**

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS

Board of Directors  
Imperial County Local Transportation Authority  
El Centro, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial statements contained in *Government Auditing Standards* issued by the Comptroller General of the United State, the financial statements of the governmental activities and each major fund of the Imperial County Local Transportation Authority as of and for the year ended June 30, 2014 and the related notes to the financial statements, which collectively comprise the Imperial County Local Transportation Authority basic financial statements, and have issued our report thereon dated April 9, 2015.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Imperial County Local Transportation Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Imperial County Local Transportation Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Imperial County Local Transportation Authority's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Imperial County Local Transportation Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide opinion on the effectiveness of Imperial County Local Transportation Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Imperial County Local Transportation Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SUBJECT: Appointments to the Local Taxpayer Supervising Committee (LTSC)

Dear Members of the Authority:

As mandated in the passage of the Measure D extension, the Local Transportation Authority (LTA) is required to appoint three qualified local residents to participate as members of the Local Taxpayer Supervising Committee (LTSC). The LTSC or "Oversight Committee" is to focus on two goals:

1. To review the performance of the sales tax transportation program through an annual audit process to ensure that all transportation sales tax funds are spent by the LTA in accordance with all provisions of the voter-approved Expenditure Plan and Ordinance.
2. Will provide positive, constructive advice to the LTA on how to improve implementation of the program as well as conduct studies as authorized by the LTA.

As described in the 2008 Measure D Ordinance and Expenditure Plan, the three members of the Committee must possess the following professional and/or community credentials:

- One member who is a professional, active or retired, in the field of municipal audit, finance, and/or budgeting with at least five years of demonstrated experience in the field of transportation in the public or private sector
- One member who is a current or retired manager of major public and/or privately financed development or construction projects, who by training and experience would understand the complexity, costs, and implementation issues involved in building large scale infrastructure improvements
- One member who is a licensed civil engineer or trained transportation planner, active or retired, with at least five years of demonstrated experience in the field of transportation in government and/or private sector

Local Transportation Authority

(2)

May 22, 2015

On May 25, 2011 Ms. Robertta Burns and Mr. John Lau were appointed to serve on the LTSC. On April 27, 2013, Mr. Dan Brammer who served as a City Engineer for many years was appointed to serve on the LTSC. Unfortunately, Mr. Brammer has moved outside of Imperial County and his position is now vacant. Mr. Tim Jones, who served as a civil engineer in both public and private practice, has expressed interest in serving on the LTSC.

Therefore, it is recommended that the LTA take the following action, after review of any public comment, if any:

1. Appoint Mr. Tim Jones to serve as a member of the LTA Local Taxpayer Supervising Committee (LTSC)

Sincerely,

MARK BAZA  
Executive Director
